

Thank you for choosing to do business with EAW. We look forward to helping you grow your business.

This price list is organized by product series. Some series span multiple pages so be sure to scroll down. A complete list of all items is included on the final tab of this document. All measurement units are in pounds or inches.

A list of changes since the last revision can be found in the revision history.

A complete list of terms and conditions can be found with each sales order confirmation and invoice.

Payment Terms

Default payment terms are cash in advance unless a credit application is submitted and approved. Standard credit terms are 3% 10 net 30. A maximum credit limit will be set as part of the credit application process.

Balances can be paid by wire, check, or credit card. Returned checks are subject to a returned check fee. Wire instructions are included on each invoice and in the dealer welcome packet. There is no additional fee for credit card payments.

Term of Dealer Agreement

The dealer agreement may be reviewed and/or amended at any time. If dealer fails to provide an order for a period of more than 365 days EAW may require the dealer setup agreement document to be resubmitted as well as any related credit application.

Shipping

EAW offers all dealers free standard ground freight for orders over \$5,000. Other terms may apply per your EAWards level. Your dealer welcome packet includes an explanation of the EAWards program.

EAW will ship to a residence. However, we encourage you to pick up at your nearest FedEx or UPS terminal to avoid the high fees these services charge for delivery to a residence and to avoid the potential of theft. Any delivery to a residence or requiring a lift gate will result in a \$150 charge unless free freight minimum is met.

Online Selling

EAW prohibits sale of its products online unless specifically approved in writing by EAW. If online selling is permitted strict adherence to the MAP policy will be enforced. The MAP policy can be found in the terms and conditions of sale attached to our invoices and as an attachment to the MAP price list. In the absence of an expressed MAP price, List price is to be considered equal to MAP.

Territory

EAW dealers are authorized to sell anywhere in the 50 United States. Sales outside of the approved territory are prohibited and may result in the termination of dealer relationship.

MAP POLICY

EAW has implemented the following minimum advertised price (MAP) policy in an effort to maintain the superior integrity and quality of EAW products. The MAP policy applies to all authorized dealers of EAW Products ("Dealers"). The term "EAW Products" includes all EAW professional audio products sold by EAW, and all related accessories, peripherals and software designed for use on or with EAW products. This policy applies to any advertising of EAW Product by Dealers in any media, including, but not limited to radio, television, print, and the internet; and in any form such as direct mailings, catalogs, flyers, group faxing or emailing. Nothing contained herein, however, shall in any way be deemed to restrict Dealer ability to determine resale prices. This policy is not intended to prohibit the Dealer from providing below MAP quotations on an individual basis in response to a specific request for quotation by an individual customer; provided such response is not automated and is given through direct, person-to-person communication.

1. MAP is US Pro User price (listed as "List Price "), unless specifically noted otherwise.
2. The use of "call for best price", "price too low to print," or similar phrases is not allowed and shall be considered a violation of this MAP policy.
3. The use of any additional discount, coupon, giveaway, or incentive as a component of any advertised price of any EAW Products(s) below MAP shall be a violation of this policy.
4. All product rebates offered on EAW Products in which the sum of the advertised price plus the rebate results in an amount less than the MAP will be considered a violation of this policy. EAW reserves the right to make an exception in the sole case of a manufacturer's rebate being offered by EAW to the Dealers' end-user customer.
5. The use of "e-mail for lower price", "click on" or "click through" buttons or any similar buttons or automated price quotation transmission feature or links to trigger an email exchange with a human to provide automatic price quotations at below the MAP shall be a violation of this policy.
6. Dealers are prohibited from selling EAW products via third party websites.
7. For Dealers with multiple store locations, a violation of this policy by any one location shall be considered a violation by the entire dealership.
8. Dealer must clearly and conspicuously identify any factory reconditioned or refurbished EAW Products offered for sale as "factory reconditioned" or "refurbished". Factory reconditioned or refurbished EAW Products may be advertised at a price no more than 10% below their corresponding MAP.

MAP Policy Violation Remedies: First Violation: Loss of discounts and allowances including prompt payment terms, special programs and promotional discounts applied to all Authorized Product purchases within the product category in which the violation occurred, for 90 days following the violation. Second Violation: All pending orders and shipments within the product category in which the violation occurred will be cancelled, and eligibility to place new orders and purchase EAW Products in that product category will be suspended, for 90 days following the second violation. Third Violation: Eligibility to purchase EAW Products will be suspended indefinitely after the third violation. All outstanding orders will be cancelled, and any outstanding accounts due balance will become immediately due and payable.

** Use stainless steel bracket for WP applications*

MK Series Notes:

Colors: MK loudspeakers come in standard black and white. Custom colors are available with a lead-time of 8 weeks assuming expedited freight and an order of 12 or less. A standard \$300 setup charge and a 3% per unit up charge is applied to all custom color orders less than \$10,000.

Rotatable Horns: MK horns can be rotated from the standard datasheet orientation for a 5% upcharge per unit. Non-WP product can be rotated in the field. EAW does not recommend field rotation of horns for WP product as this operation requires special care to preserve the weather protection.

QX Series Notes:

Colors: QX loudspeakers come in standard black and white. Custom colors are available with a lead-time of 8 weeks assuming expedited freight and an order of 12 or less. A standard \$300 setup charge and a 3% per unit up charge is applied to all custom color orders less than \$10,000.

Rotatable Horns: QX loudspeakers are symmetrical allowing the horn to be rotated by simply rotating the entire cabinet and reapplying the logo in the correct location.

Weather Protected (WP): All WP loudspeakers are supplied with a terminal cover and without an EAW logo on the grill. All QX WP loudspeakers ship with a weather protection shield that keeps liquid from flowing over the top of the enclosure into the grill. All QX U-Brackets are aluminum making them suitable for WP applications.
