

Flex-48™ Adaptive Treatment System

Our patented **Flex-48™ Adaptive Treatment System** is the only retail-ready adaptive acoustical product on the market. The innovative design allows for multiple sonic profiles in one room, easily and on-demand. All mounting hardware is included in each system. Our **Flex-48™ Shield Case** is a convenient custom padded soft case for storing and protecting up to six (6) Flex-Shields when not in use.

All components have a Class A flammability rating per ASTM E84.
